Press Release

Gallatin County COVID-19 Update

As of Friday, April 17, 2020, at 12 p.m. Gallatin County has a total of seven active COVID-19 cases, with a cumulative total of 142 cases. There have been a total of 134 recovered in Gallatin County. There have been a total of 1,675 people tested in Gallatin County.

This data and more can be found on the Gallatin City-County Health Department's new dashboard on our website at this link: <https://www.healthygallatin.org/coronavirus-covid-19/>.

This dashboard will be updated by 12 p.m. each day.

Information on statewide cases continue to be found here:

<https://montana.maps.arcgis.com/apps/MapSeries/index.html?appid=7c34f3412536439491adcc2103421d4b>

While these updates have been published in the late afternoons, we will reevaluate the timing of these releases moving forward.

All Gallatin County cases consist of community transmission, close contact, and travel related history.

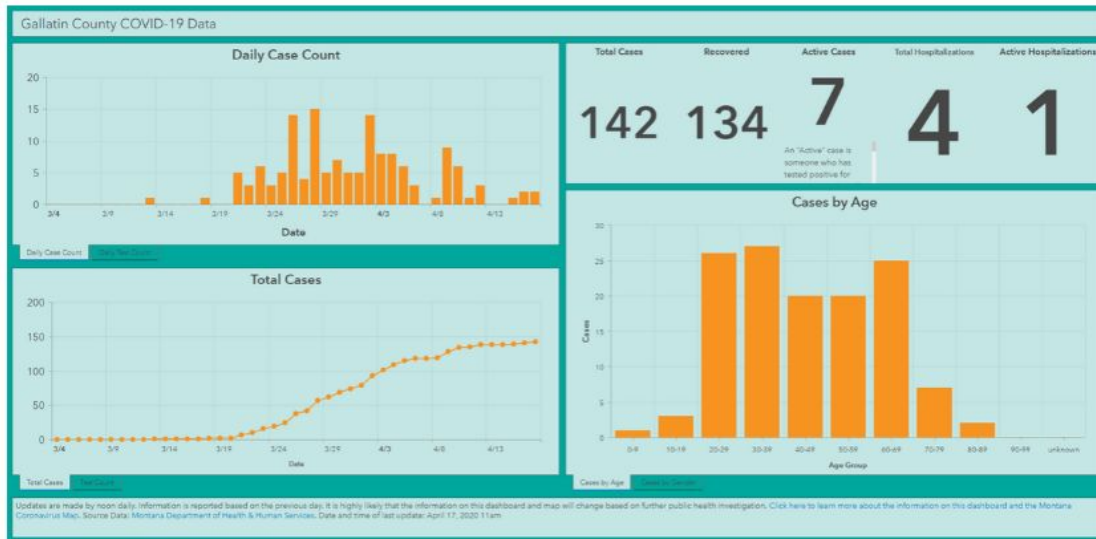

Today, we unveiled a new data dashboard on the Gallatin City-County Health Department website. The dashboard was created by the Gallatin County GIS Department. The dashboard is subject to change and evolve over time as we continue to find ways to improve this tool.

Information featured on the dashboard includes total cases, recovered cases, active cases, cumulative hospitalizations, current hospitalizations, daily and cumulative test counts, cases by age range and cases by gender.

215 W. MENDENHALL, BOZEMAN MT 59715

Gallatin City-County Health Department COVID-19 Dashboard now LIVE

This dashboard is updated daily at 12 PM (noon.) To view the dashboard visit healthygallatin.org/coronavirus-covid-19/

The Gallatin City-County Health Department Call Center is open seven days a week from 8 a.m. to 5 p.m. to answer questions about COVID-19. Reach the Call Center by phone at 406-548-0123 or email at callcenter@readygallatin.com.

The most accurate local source of information remains the GCCHD website <https://www.healthygallatin.org/coronavirus-covid-19/>.
