Press Release

Gallatin County COVID-19 Update

As of Thursday, June 25, 2020, at 12 p.m. Gallatin County has 8 new confirmed cases of COVID-19, for a cumulative total of 229. There are 29 confirmed active cases. Of those cases, one patient in the county is currently hospitalized. There have been a total of 199 people recovered in Gallatin County. One person has died from COVID-19 complications.

The new cases are located in Big Sky and the Gallatin Valley, and are contacts to known cases and community spread.

More data can be found on Gallatin City-County Health Department's dashboard on our website [here](#). This dashboard will be updated by 12 p.m. daily. Information on statewide cases continue to be found [here](#).

Please note that local data on active cases may differ from the state map as the state map is only updated once daily and calculates active cases differently.

The Gallatin City-County Health Department calculates the **recovered case number** as the number of total cases minus any active cases, current hospitalizations and deaths.

The uptick in COVID-19 cases in the last week is a strong indication that there is community transmission of COVID-19 in Gallatin County. One way we can understand COVID-19 transmission is through wastewater sampling. Click here to learn more about how it works and access data: <https://www.healthygallatin.org/coronavirus-covid-19/wastewater-data/>

The Gallatin City-County Health Department Call Center is open seven days a week from 8 a.m. to 5 p.m. to answer questions about COVID-19. Reach the Call Center by phone at 406-548-0123 or email at callcenter@readygallatin.com.

The most accurate local source of information remains the GCCHD [website](#).
