### Press Release

#### Gallatin County COVID-19 Update

As of Thursday, July 30, 2020, at 12 p.m. Gallatin County has 16 new confirmed cases of COVID-19, for a cumulative total of 841. There are 68 confirmed active cases and 4 current hospitalizations. There have been a total of 771 people recovered in Gallatin County. Two people have died from COVID-19 complications.

The new cases are located across Gallatin County and are related to community transmission, contacts to known cases and travel.

More data can be found on Gallatin City-County Health Department's dashboard on our website [here](#). This dashboard will be updated by 12 p.m. daily. Information on statewide cases continue to be found [here](#).

Please note that local data may differ from data about Gallatin County provided by the state as the Gallatin City-County Health Department may be alerted to additional cases before the state.

The Gallatin City-County Health Department calculates the **recovered case number** as the number of total cases minus any active cases, current hospitalizations and deaths.

COVID-19 can result in a long recovery. Among 18–34 year olds with no chronic medical conditions, one in five had not returned to their usual state of health by 2-3 weeks after testing positive for COVID-19.
