**Press Release**
Gallatin County COVID-19 Update

As of Monday, July 20, 2020, at 12 p.m. Gallatin County has had 59 new confirmed cases of COVID-19 since Friday, July 17, for a cumulative total of 622.

There were 32 new cases reported on Saturday, 21 new cases reported on Sunday and 6 new cases reported on Monday.

An additional two cases were reassigned from out of county to Gallatin County and have been added to previous days' totals.

There are 89 confirmed active cases and two current hospitalizations. There have been a total of 532 people recovered in Gallatin County. One person has died from COVID-19 complications.

The new cases are located in the Gallatin Valley, Big Sky and West Yellowstone, and are related to contacts with known cases, community spread and travel.

More data can be found on Gallatin City-County Health Department's dashboard on our website here. This dashboard will be updated by 12 p.m. daily. Information on statewide cases continue to be found here.

Please note that local data may differ from data about Gallatin County provided by the state as the Gallatin City-County Health Department may be alerted to additional cases before the state.

The Gallatin City-County Health Department calculates the **recovered case number** as the number of total cases minus any active cases, current hospitalizations and deaths.

Keeping your business open during the COVID-19 pandemic relies in part on clear communication with your staff. Make sure your employees understand social distancing, sanitizing, and face covering protocols. Encourage them to self-monitor for symptoms and to stay home and contact a medical provider if they are sick.
